OBJECTIVE

Computer science student with hands-on experience in Flutter, Python, SQL, and full-stack application development. Proven ability to design, develop, and deploy mobile and web applications through real-world projects. Passionate about building scalable software solutions, solving complex problems, and continuously learning emerging technologies.

Portfolio: <https://gengadharan4656.github.io/portfolio/>

EDUCATION

B.E. Computer Science Engineering

Sethu Institute of Technology, Computer Science Engineering

2024–2028 CGPA: 8.50 / 10

PROJECT EXPERIENCE

• **Blog Application | Flutter, Flask, SQL**

- Built and deployed a **full-stack blog application** with secure authentication and OTP-based password recovery.
- Developed REST APIs using Python Flask and SQL, and **successfully deployed** the backend on Render and the database on Railway.
- **Link:** <https://blog-app-9a745.web.app>

• **Offline Music Player | Flutter**

- Developed an offline music player app using Flutter with background playback, local audio handling, and **Riverpod state management**.
- Built a responsive user interface, managed application testing, and deployed the app on the **Google Play Store**.
- **Link:** <https://play.google.com/store/apps/details?id=com.gengadharan.musicplayer>

• **AI Photo Enhancer | Flutter, Python, Real-ESRGAN**

- Built an AI-powered Windows application using Flutter and Real-ESRGAN for image enhancement, upscaling, and image processing.
- **Integrated the Real-ESRGAN model** through AI integration and model integration techniques to improve image clarity and resolution.
- **Link:** https://github.com/gengadharan4656/ai_photo_enhancer

• **Workflow Automation | N8N**

- Built a small automation project using n8n to schedule and send emails at a specified time, demonstrating workflow automation and task scheduling.

Technical Skills

- **Programming Languages:** Python, C++, Java
- **Mobile Development:** Flutter, Dart
- **Backend:** Flask, REST APIs, Authentication
- **Database:** MySQL
- **Cloud & Deployment:** AWS, Render, Railway
- **Workflow Automation:** n8n
- **Version Control:** Git, GitHub

Certifications

- Python Programming – NPTEL
- **Internship on IOT Robotics Training** by E yantra
- **Internship on Artificial Intelligence** by Phoenix softech
- Cloud Computing Fundamentals – IBM SkillsBuild & NPTEL
- AWS Cloud Practitioner Essentials
